

Maths

This half term will see us revising prior learning on fractions (representing fractions, finding fractions of amounts, equivalent fractions) and then learning how to multiply and divide fractions.

Writing

We will be using the book 'Onyeka and the Academy of the Sun' in writing. We'll be learning how to write brilliant openings and endings to stories.

History

We'll be learning all about migration in history this term, learning about reasons people might migrate to Britain and considering the welcome they receive.

Art

In art this half term, we will be investigating the concept of migration with a particular focus on birds. We will then explore the work of artist Jane Tomlinson to create a 3D bird with outstretched wings.

Reading

We will be finishing 'Rooftoppers' and then reading 'Goodnight Mr Tom' this half-term.

Music

We'll be working with Ken in music, continuing to build on our class orchestra.

Year 6 Autumn 2 Curriculum Map

Computing

We will be learning about spreadsheets this half term, and exploring some Excel functions that can help us.

Science

Our unit is 'Light'. We'll be exploring how light travels in straight lines and how our eyes view light!

PSHE

Year 6's PSHE unit is about democracy. We will be learning about the UK as a democracy and considering our rights.

Religious Education

We will be exploring different accounts of creation in major world religions.

P.E.

Year 6 will have cricket and P.E. on Wednesdays.
